Please Pitch in to Conserve Water

Now that summer is here, additional water is being used by consumers to maintain lawns, gardens and trees. This extra water usage has incurred a higher demand on the water system. Although the Village does not yet need to introduce water restrictions, we ask on a voluntary basis, you to limit your watering to odd/even days (i.e. addresses ending with an odd number water on odd days of the month) and, to make a conscious effort to conserve this precious resource throughout the remaining summer. Utilizing one or more of the following water conservation tips will be helpful.

- Run dishwashers and washing machines with a full load only (unless reduced fill settings are available)
- Water lawns and gardens early in the morning to avoid evaporation loss.
- Avoid sprinklers that produce a fine mist. Too much water is lost to the wind and to evaporation.
- Sweep sidewalks and driveways instead of washing them.
- Insulate hot water pipes between the heater and the faucets to reduce the amount of water that must be run to get hot water.
- When washing a car, rinse it once. Use a bucket of soapy water to wash it, and then rinse it once more quickly. Taking a car to a car wash may save water since many commercial installations recycle their water.
- Take shorter showers. Turn down the faucets, and try a low flow showerhead. A typical five-minute shower can use over 40 gallons of water. shower of seven-minutes or longer can consume more water than a bath.
- A typical toilet leak can waste thousands of gallons of water each day.
- Don't leave water running when shaving, brushing teeth, washing hair, or washing dishes.
- A small drip from a leaking faucet can waste 170 gallons of water each day. Replace worn washers.

Home For Sale signs & Garage Sale signs placed in the right-of-way (parkway) will be removed. As a good practice, do not place signs in the area between the curb and sidewalk. In areas where there are no sidewalks, a safe distance for sign placement is fifteen feet (15') from the back of curb or edge of the roadway. Contact the Building & Planning Department @ 847-304-3460 for Garage Sale Permit Application.

4TH OF JULY CELEBRATION

Mark your calendar for Barrington's 4th of July Celebration. The festival will run from Thursday, July 1st through Sunday, July 4th (11:00 a.m. – 11:30 p.m.) at Cook and Main Streets in downtown Barrington. Admission to the Brat Tent after 6:00 p.m. is \$5.00 for adults, \$1.00 for ages 12-17; and anyone under the age of 11 is free. The Parade will begin at 10:00 a.m. at Barrington High School and head east on Main Street (Lake-Cook Road). The fireworks Display will begin at dusk on Sunday, July 4th.

BARRINGTON MEMORIAL PARK UPDATE

Now that the park is in, it's been recognized that additional plantings are needed to give the park a quainter atmosphere. Several Landscapers have come forward with an enhanced landscape plan to add more buffering and screening along Hough and Lincoln which will create more privacy in the park.
